Dr. Fassler  
Veterinarian

Dear Dr. Fassler,

It is with great enthusiasm that I express my desire to apply for the esteemed position of a Rehabilitation Veterinarian. As a highly motivated individual with four years of distinguished leadership experience and present ASB administrative coordinator at Ripon High, I bring a wealth of diverse skill sets to the table. My leadership insight, coupled with a proven track record of rescuing and sheltering animals, sets me apart as the most fitting candidate for this position.

In my capacity as an administrative coordinator, I tactfully navigated the challenges posed by the COVID-19 pandemic to organize safe and successful events. Additionally, I have displayed an innate ability to communicate effectively with different stakeholders, keep up with organizational developments, and proactively find solutions to problems. During my off-duty hours, I have rescued numerous cats and dogs, seamlessly catering to their physical and emotional wellbeing while finding them suitable homes. This has honed my time management, patience, and empathy for the needs of our furry friends.

My study of the job description has left no doubt about the requirements and expectations of the role of a Rehabilitation Veterinarian. Drawing from my wealth of experience and skills, including analytical thinking, insightful observation, and compassionate caring, I am confident in my capability to excel in this role.

Should I be granted the opportunity to provide further insight into my competencies and explore how I can contribute to the growth trajectory of this esteemed organization, I would be honored. You can contact me by email at [camposabby58@gmail.com](mailto:camposabby58@gmail.com) or by phone number at 209-701-6106. I'm looking forward to following up and further speaking with you. Thank you for your time and consideration.

Best regards,  
Abigail Campos
