To whom a may concern

I am thrilled to be applying for the job of a behavior analyst. I am a highly motivated worker with three years of leadership experience and am currently ASB administrative coordinator as a junior at Ripon High. I feel as if my leadership skills along with being a student-athlete have prepared me to be the perfect fit for this role.

During my time as administrative coordinator, I succeeded at planning safe events despite covid, became a leader of a rank and support program, and always encouraged school pride. Throughout my experience in these roles, I have learned many valuable skills. Specific examples of these skills are being able to communicate well with others when planning school events, being aware of what is happening at school, and problem-solving. Being a student-athlete has also introduced me to many great abilities, such as working well under pressure, engaging well with others, and time management.

Having studied the job description, I am aware of what is needed and what will be asked of me as a behavior analyst. Given all the responsibilities in my previous roles and what I've learned from them, like being a critical thinker, observer, and a great communicator, I strongly believe I have the ability and skills to fulfill this position.

I would love the opportunity to further explain my qualifications for this role and discuss how I can contribute to this organization. You can contact me by email at [camposabby58@gmail.com](mailto:camposabby58@gmail.com) or by phone number at 209-701-6106. I'm looking forward to following up and further speaking with you. Thank you.

sincerely

Abby Campos
